

Evidencing the impact of the Primary PE and Sport Premium at Heathfield Primary School

The enjoyment children receive from engaging in sporting activity can contribute to a life-long relationship for the love of sport alongside sustainable approaches to a healthy lifestyle. The EEF teacher toolkit recognises that sports participation has an average impact on attainment of +2months.

Through the Sports Premium Funding allocation, we are able to develop teacher's subject and pedagogical knowledge and increase the quality of sports on offer. By using the funding to develop Heathfield staff, **the impact will be much more sustainable.**

Here at Heathfield Primary School, we value sport and sport participation as part of our Heathfield Heart curriculum. School encourages healthy competition through in school competitions and competitions with other schools in an attempt to foster and develop positive sportsmanship, fair play, competition, respect for one another and having a sense of belonging within a team.
