

## Year 1 - Summer 1 Homework

This term, our Learning Challenge question is 'What makes a hero super?' Please complete one piece of homework each week (you and your child can choose which box to complete) and bring your book in every Wednesday to be marked.

Literacy	Numeracy	Learning Challenge - Heroes	Science
<p>Look through your reading books and find 6 adjectives (describing words). Write them in your book and draw a picture to represent each one! E.g.</p> <p>curly </p>	<p>Explore cutting food objects in half. You could use something that's on your plate at tea time! <b>Challenge:</b> Can you also cut things into quarters?</p> 	<p>What do you know about Florence Nightingale? Create a fact page all about her and why she was so special.  (You can wait until we have learnt about her at school.)</p>	<p>Our Science topic this term is plants. You can choose one/some of the activities below: -Plant a seed/bulb and draw its growth overtime. -Draw a picture of your favourite plant and label it with the names of its parts.</p>
<p><b>Literacy</b></p> <p>Draw your own setting for a story. Can you write some descriptive sentences to describe it? Try to use your best adjectives!</p>	<p><b>Numeracy</b></p> <p>Make up a game to practise the 10 times table facts.</p> <p>1X10=10 2X10=20 3X10=30 etc.</p>	<p><b>Art/DT</b></p> <p>Draw or make your own superhero with special powers. How will you show what your hero's powers are?</p> 	<p>-Walk around your local area. What different tree types can you spot? -Learn about evergreen and deciduous trees. Draw one of each.</p>

Please practise your spelling/phonics words with your child every week - these will be in their spelling book. It is also a good idea to practise reading a small section of your child's books every day. If you have any further questions, please do not hesitate to ask ☺
