

Food Week

Year 6

Our Heathfield Recipe Book is in need of more content!

As you know, we are in the process of creating a Heathfield Recipe book, with recipes from all around the world! We have made a great start but would like even more exciting dishes to add to it! Your recipe will be published in the book and have an opportunity to feature in the 'Tasting' session! There are so many different cultures to celebrate within our school and we'd love them to be shared with everyone.

Activities

- **Research/Geography** - Research different recipes from around the world. You can look at recipes from a country that means something to you or just one you are interested in! Can you locate the country on a map? Does the recipe use local ingredients? Why do you think these ingredients grow in this country? You may need to look at the geographical make-up of the country.
- **English** - Write out your recipe for your dish.
- **D&T/Maths** - Make your dish! Use all the maths and DT skills you have learnt at school. Can you identify them and evaluate how it went at the end?
- **Computing** - You could film clips of yourself following your recipe as if it is a tutorial for somebody to follow! Use chosen software to edit your clips together into a video.

Recommendations: imovie, Windows Movie Maker, Magisto (app)

- **Art** - Make your recipe look appealing, add some designs, sketches or photographs

Competition

KS2

Compete in the Great British Bake Off!

Make your favourite cake, it can be as simple or extravagant as you like. Take a picture of you holding your creation and upload it to Teams by Friday 3rd July or send it to events@heathfield.bolton.sch.uk. Ask a family member to taste it and give it a rating out of 5.

A winner will be announced on Monday 6th July.

Prize

Win a children's cookery book
