

## ? What are we learning about e-safety?

The internet can be amazing, helping us learn, play games and speak to other people. We need to make sure we are safe from people upsetting us and also understanding the dangers of sharing our personal information, such as our address, online.

### Key knowledge

1. Understand what personal information is and why we keep personal information private.
2. Understand why websites want personal information.
3. Identify when and where to go for help when concerned.
4. Understand the dangers of sharing photos online?
5. Understand that people online are not always who they say they are.
6. Understand how to trust information online.
7. Learn to use the Internet responsibly.
8. Understand why we should be respectful.

### Important Vocabulary

<b>Personal information</b>	<p>This is information about us, including our name, address, telephone number or passwords. We need to make sure that we <u>do not</u> put this information on the internet for people we do not know to see as we would not do this in the real world. For example, if we are playing an online game then do not use your real name, use something else.</p>
<b>Sharing</b>	<p>The internet allows us to post photos and videos online for others to see, this is called sharing. We do not want people we do know to see personal photos of videos of us or our friends and family so we have to check with a grown up we trust before sharing them online. We would not give a photo of ourselves to a stranger in the real world so we do not do it online either.</p>
<b>Permission</b>	<p>If we have taken a photo of video of someone else then we need to ask their permission before posting it online as they may not want others to see it.</p>
<b>Report</b>	<p>If we see something online that upsets us or we think is wrong then we need to tell an adult we trust, such as a parent or teacher.</p>
<b>Trust</b>	<p>Not everything that we see on the internet is correct and should be trusted. Always check the information with other websites or an adult we trust. People online can also pretend to be someone else so we need to be careful who we are talking to and only speak to people we know in the real world.</p>
<b>Respect</b>	<p>When we are talking to people online then we need to make sure we being kind and respectful, treating people as we would want to be treated ourselves. If someone is not being kind then speak to an adult you trust.</p>
