

Reception Knowledge Organiser

We will look at combining
two groups of objects or
amounts

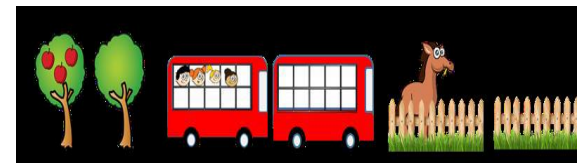

Five wise

We will be practising writing
numbers to 10.

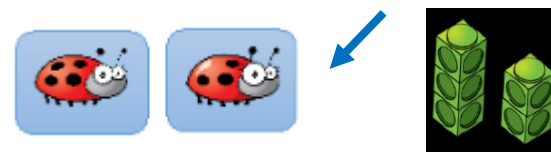

Pair wise

Add	Put together two numbers or amounts to calculate total value
Subtract	To take away a number or amount from another to calculate the difference
Composition	Partitioning a number into its bonds
Number bond	The smaller numbers that make up a larger number e.g. $3 + 2 = 5$

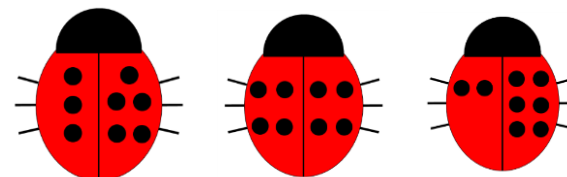

We will learn about the
concept of zero

We will compare numbers to 10
and understand one more and
one less

We will look at the composition
of numbers to 10

$$5 + 3 = 8$$

$$4 + 4 = 8$$

$$6 + 2 = 8$$
