

# History: Who has helped us travel from

## What should I already know?

In EYFS I used talk to organise, sequence and clarify thinking and events. I used past, present and future forms accurately when talking about events that have happened or are to happen in the future. I could explain own knowledge and understanding, and ask appropriate questions. I showed interest in the lives of people who are familiar to me and talk about significant events in my own experiences. In Year 1, I studied about changes within living memory and aspects of change to national life and events beyond living memory that are significant nationally/globally. I learnt about significant Queens of England and how they have impacted Britain today. I discussed what character traits they had and how this makes me shape my own beliefs about the world.

Invention	Modern	Timeline	Journey	Evidence	Transport	Omnibus	Penny Farthing
Something that has been made/created that has not been made before.	Related to present day or recent times.	A line that shows events in order of time.	An act of travelling from one place to another.	Facts or information to support your belief	A way of taking or carrying people or items from one place to another.	An early type of bus pulled by horses.	The first bicycle to be invented with pedals.
							

### The Wright Brothers

Wilbur and Orville Wright made the first successful airplane. It was called the Wright Flyer. It was made of wood and fabric. They inspired people to explore flying and changed the way people thought about the world.

- Reflective Learners

### Amy Johnson

Amy Johnson was a British pilot and engineer. She was the first woman to fly solo from the UK to Australia. The journey made her exhausted, sick and sunburnt! She died mysteriously after her aircraft went missing.

### Modern day transport

Most people today have used some form of transport. We can travel anywhere in the world within 24 hours! Lots of modern day transport are now powered by electricity. Transport is still changing and trying to be better.
